

Free reference manager and PDF organizer

# MENDELEY Workshop

<https://www.mendeley.com/>

Kagoshima University Library is hosting a workshop about Mendeley.

Mendeley is a free reference manager and PDF organizer, and makes your research workflow faster, easier and more efficient.

We hope you'll join us!

**lecturer : Mr. Masato Takaishi**  
(Elsevier Japan)

- This workshop is open to any interested Kagoshima University members.
- We recommend bringing your own laptop pre-installed with Mendeley Desktop. Otherwise, we have computers available to you during the workshop.
- Kagoshima University ID is required for exercises with a PC. If you have questions about how to obtain your ID, contact Computing & Communications Center.

Mendeley is a free reference manager and an academic social network.

- ✓ You can search open catalog of 30M+ papers, or import references from other online databases; organize all the research in a way that suits your workflow; highlight and annotate in the Mendeley Desktop PDF Viewer.
- ✓ You can generate citations and bibliographies and change citation styles with a few clicks.
- ✓ You can create a private group on Mendeley to share PDFs and other documents with a group of your colleagues.

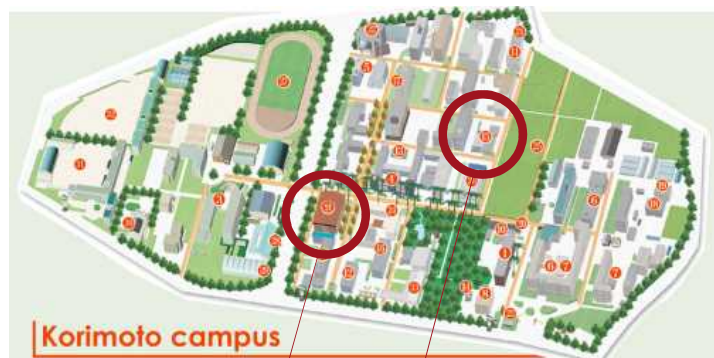

# 30<sup>th</sup> 2016 Nov.

Wed. 14:30 to 15:30

**Korimoto Campus**

Computing & Communications Center  
Computer Room One (1<sup>st</sup> floor)

Central Library

Computing & Communications Center
